With sincere gratitude and thanks for your
faithful and loving support of our parish!

Dear Parishioners,

As we know, God had given us a life and soul embedded with a mind like no other animal on this earth. This mind has many capabilities – three of which are the abilities to:

1. Recall our past
2. Know our present
3. Contemplate our future

It is important that we use all of the three aforementioned abilities to add fullness to our life and the life of others, that will hopefully lead us to our heavenly reward.

In regards to giving of our time, talent and treasure, use of all of the above 3 abilities is important. For us here and now, in the past and the future, the existence of our wonderful church community at St Sharbel, is the result of giving of those before us, those present now and those in the future. The future of our Eparchy is no different, as the future of all our Catholic brothers and sisters, is built on our collective actions to prepare for the future. This is exactly what our Bishop is asking us in the Capital Campaign – Our future. Albeit, contemplation of the future is much less tangible than the past or present, but it is no less important. I believe that Faith assists us to contemplate our future and add “tangibility”.

I encourage you to read this passage in the Bible:

Luke 21:1-4

Yours in Christ,

Tom Matthews,
